

Cancer Symptom Science NewsLetter

May, 2024

Bonjour Lille!
Let's get together

Dear Colleagues,

Please find attached the minutes and slides from the GRASS meeting held in Washington DC in April.

While we cannot guarantee a dedicated room for a meeting during the Multinational Association for Cancer Care (MASCC) in Lille, and considering the tight schedule, we would still like to propose a small "**GRASS-together**" during/after the welcome reception on **Thursday the 27th**.

Let us know whether you plan to attend MASCC! ([link here](#))

Looking forward to seeing you in Lille! A bientôt!
